

Pharmacy Hall Parking Lot Policy

The School of Pharmacy Dean's Office governs parking assignments to the lot north of Pharmacy Hall. All rules, regulations and fees are governed by the campus Parking and Commuter Services Office.

The Dean, Associate Deans, and Department Chairs will be provided a space if they so choose (as soon as one is available). At least one visitor space will be maintained.

Remaining spaces will be assigned to faculty and staff that meet the following criteria:

- Must have a least ten years of UMB service
- Must have offices in Pharmacy Hall
- Staff must be a grade D or higher on the campus compensation scale

Any person(s) currently assigned parking on the lot who do not meet these criteria are permitted to remain.

As spaces on the lot open up, a replacement will be selected by hiring date seniority from eligible employees (based on the above criteria) who place their name on the waiting list in the Dean's Office. The HR/Payroll office will determine eligibility and the Dean's Office Manager will maintain the seniority based list and notify the candidates in order.

Revised August 2007

Please note: This policy supersedes any previous policy governing Pharmacy Hall Lot parking. The Dean, at his/her discretion, may make exceptions to this policy. Request for exceptions should be made through the Associate Dean of Administration and Finance.
