

### **Eisai 1-Year Drug Information Residency**

Headquartered in New Jersey, Eisai Inc. is a pharmaceutical company dedicated to a tradition of genuine concern for people and driven by the desire to meet the diverse health care needs of patients and their families, including caregivers. We are an agile, entrepreneurial organization managed by experienced leadership and backed by the strength, stability and historical successes of Eisai Co., Ltd., which has a lasting commitment to the U.S. market.

The Eisai Drug Information (DI) Residency is a comprehensive 1-year training program primarily based in the Medical Services department which is designed to help pharmacists understand and develop the skills necessary for a career in industry-based drug information. The resident will have the opportunity to take part in the daily responsibilities of a drug information professional and participate in rotations within other Eisai departments and off-site facilities. The Eisai DI Residency will provide the resident a unique opportunity to develop valuable organizational and project management skills in a growing company.
