Reliable Staffing Specialists (RSS) is a nation-wide pharmacy recruiting firm. We are **independent** pharmacy career consultants, which means we work **for you**. We enjoy going to work for individual pharmacists who do not have time to search for a position on their own.

We place pharmacists in retail, hospital, and home infusion positions. The companies we work with offer great benefits, competitive rates, and many offer relocation packages.

We also work with pharmacy students as well as pharmacists to help them plan their pharmacy career path.

We offer the following help and services to all our pharmacy candidates **free of charge**:

- Create a resume
- Update an existing curriculum vitae or resume
