## **Pharmacotherapy Round – Continuing Pharmacy Education PROGRAM ANNOUNCEMENT**

Program UPN: 025-000-09-022-L04-P

Title: Can I use an Atypical for that? Atypical Antipsychotic use for Depression and Anxiety

Speaker: Ashley LaFlame PharmD.

Program Date: 9/30/2009

Time: 4:00pm

Location: PH410

CE Credit: 1 contact hour (0.1 CEU)

Fee: There is no fee for this program.

Target Audience: Faculty, Preceptors and Residents of the University of Maryland, School of Pharmacy.

### **Learning Objectives**

At the completion of this program, participants will be able to:

1. Describe the pharmacologic action of atypical antipsychotics responsible for therapeutic and adverse effects.
2. Compare and contrast the benefits and risks of atypical antipsychotic therapy for the treatment of depression.
3. Compare and contrast the benefits and risks of atypical antipsychotic therapy for the treatment of anxiety.
4. Evaluate the appropriateness of atypical antipsychotic therapy for a patient with depression or anxiety.

The University of Maryland School of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This program meets the ACPE criteria for one contact hour (0.1 CEU) of continuing education credit. Statements of credit will be mailed to participants approximately three weeks after the program, to those who successfully complete the program. Successful completion of a program requires your signature on the sign-in sheet, the completion of a program evaluation form, and participation in the entire program. The evaluation forms must be completed and returned at the conclusion of the program. This program is fully supported by the University of Maryland School of Pharmacy and has no other sponsor.
