Universal Activity Number: 0025-0000-09-033-L01-P

Title: No Water, No Pressure, No Vasopressin

Faculty: Kendra Gorby, PharmD, PGY2 Pediatric Pharmacy Resident, University of Maryland School of Pharmacy

Activity Date: 11/4/2009

Time: 4:00pm

Location: PH410

CPE Credit: 1 contact hour (0.1 CEU)

Fee: There is no fee for this program

Target Audience: Faculty, Preceptors and Residents of the University of Maryland, School of Pharmacy.

Learning Objectives

At the completion of this knowledge-based activity, participants will be able to

1. Identify the mechanism of action of vasopressin in shock.
2. Compare the risks and benefits of vasopressin in pediatric patients to adult patients for the treatment of shock.
3. Select the appropriate pediatric patient to utilize vasopressin for the treatment of vasodilatory shock.

The University of Maryland School of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. This activity meets the ACPE criteria for one contact hour (0.1 CEU) of continuing education credit. Statements of credit will be mailed to participants approximately three weeks after the activity to those who successfully complete the activity. Successful completion of this activity requires your signature on the sign-in sheet, the completion of an activity evaluation form, and participation in the entire activity. The evaluation forms must be completed and returned at the conclusion of the activity. This activity is fully supported by the University of Maryland School of Pharmacy and has no other sponsor.
